Thanks, Jeannine! It will be great to have some in hand for our next site visit. While you are in Creede for the cleanup, perhaps you can keep an ear open to see if the rumor has any legs there.

Hi Cynthia -

I will have some extra and will pouch them over to you. Note that Doug Jamison took copies to the Upper Animas meetings last week. But I think you should be armed too!

Also, I think the timing is good to participate in the floodplain cleanup 6/23 - so I'm planning on being there for that. I thought I'd take some time to introduce myself to some of the locals - there've been so many changes in Creede since I was last there.

Maybe WCRC will have a TAC in August or September making a trip down there worthwhile?

Jeannine

Hi, Jeanine.

If you have any extra copies, could I have a few? I'd like to share them with the folks in Silverton. I don't know when the next Nelson Tunnel meeting will be held, but perhaps we could connect then.

Thanks!

I've attached the final version of the brochure for your files. I'll be sending a copy to each Mineral County address (615) by Wednesday of this week.

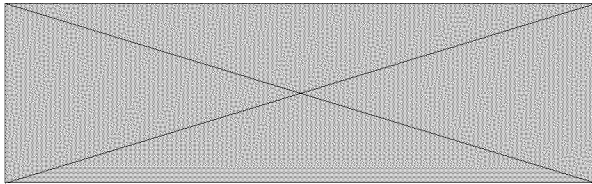

Gwen - I've had a few extras printed if you'd like them. I'm thinking of lending a hand at the floodplain cleanup, so could bring them to you in person. If that doesn't work, or if you need them sooner, I can mail them.

Thank you everyone for your help on this.
